All above information are collected from daily stock quotations and companies' published audited annual reports. High level of caution has been taken to collect and present the above information and data. The publisher will not take any responsibility if any body uses these information and data for his/her investment decision.

For any query contact biasl@bangla.net Tel. 8118288.

Special Note: Top Changes tables are prepared on the basis of the closing price change of the traded issues.

EPS=Earning per Share, PE=Price Earning Ratio, BV=Book Value per share.

Dividend is corresponding to the year-end mentioned beside. EPS & Book Value may not correspond to that year-end. These two figures updated when Audited Annual reports are found. * CDBL Listed, Category is mentioned beside company name. Those companies gave 10 or more % of dividend in last financial year are shown under A category. Less than 10% dividend providers are in B, no dividend companies are in Z, new listed companies are under N and green field company under G category. All EPS and BV are diluted. Separate formula is used to proximate the EPS & BV of life insurance companies. It could use only for comparative performance analysis among the companies under this sector. These values should not be compared with other sector value.
